# STICKER *Printing*

The heat-applied sticker printing technology on clothing and other goods is of excellent quality. At Kotton King, you would get strong colourful stickers with cutting-edge technology, that blend in perfectly with various materials, providing long-lasting protection from wear and tear. Also, our heat-transfer stickers, offer a fashionable and polished appearance, thus making them perfect for personalized gifts and promotional items.

# DIGITAL *Printing*

Digital printing is a cutting-edge technology that allows us to transfer images directly onto fabric and various materials. This is a versatile method, that prints complex designs in vivid colors and photo-grade quality, which is difficult to produce in other traditional printing techniques. The method of digital printing is also environmentally friendly as it produces less trash and uses fewer chemicals. You can choose this technology and order from a wide range of customized garments, promotional products, and distinctive accessories from Kotton King.
